SYNTHETIC GRASS SUPPLIER

## TRI BLEND

SKU: TRI-BLEND

Tri Blend is truly a trendsetter. Gone are the days of grass that looks like it's been painted. Gone are the days when synthetic grass looked more synthetic than it looked like grass. Tri Blend has moved on and is never looking back. With its triple threat color pallet of Field, Apple and Clover green giving it a realism to die for, and it's plush blend of CSS shaped blades making it's surface so soft that it makes earth grown grass feel prickly, Tri Blend is the latest, the greatest, and hands down the best of the best.
